

Cypress Isles Board Approved Policy

Foreclosures to Attorney

Approved at Board of Directors Meeting Minutes, July 21, 2009

Cypress Isles received an invoice from our attorney for legal work done on behalf of the bank foreclosing on the property at... Cypress Isles is not foreclosing on their property, and did not authorize any legal action in that regard. Myron Davis volunteered to send a letter to CMP to dispute the invoice. The board then directed the management company to not forward any foreclosure notices received at their office for any member to the HOA attorney without board approval. Ron Wiley will confirm that directive in writing to the management company.
