

Cypress Isles Board Approved Policy

Recreational Vehicle Parking

Approved at Board of Directors Meeting Minutes, September 18, 2007

Recreational vehicle parking: Ron read Docs regarding parking. Ron proposed a motion to change the Covenants to allow for a time period for before and after parking at homes. Discussion ensued and it was decided that 3 business days before and 3 business days after use would be allowed. If more time was needed, all residents are required to contact either the Property Manager or the Board. Cookie seconded, motion carried.
